# Graduate Minor Program/Graduate Program for Advanced Interdisciplinary Studies/Advanced Liberal Arts Module

　The Graduate Minor Program/Graduate Program for Advanced Interdisciplinary Studies are programs that foster interdisciplinary and comprehensive views as well as broader perspectives in supplement to a student's curriculum in their specialized field of study.

　The Advanced Liberal Arts Module facilitates acquiring multifaceted and comprehensive perspectives on specific academic themes by linking related subjects, reducing the number of credits required compared to the existing Graduate School Minor Program and Graduate Program for Advanced Interdisciplinary Studies.The module acts as an entry point to the advanced minor programs, which offer a systematic approach to learning and can be taken after completing the relatively easily attainable module subjects.
